 With lovers here and everywhere who don't care enough to try

 Couldn't love have picked a better place to die

 And of all the hearts in the world why yours and mine  
 G7 C  
 How could we go from so much love to so much hurt tonight  
 F D7  
 But it's in our hearts it's in our bed and it's even in your eyes  
 G7 C  
 Couldn't love have picked a better place to die  
  
 G7 C  
 Somewhere out there there's lovers who want to be free

 Why couldn't love have died with them instead of here with you and me  
 C F D7  
 But it's dead and gone and all these tears won't bring it back to life  
 G7 C  
 Couldn't love have picked a better place to die  
  
 G7 C  
 Oh couldn't love have picked a better place to die
