

Dusty Skies-Bob Wills

Author:Cindy Walker

C
 Dusty skies I can't see nothing in sight
 F C
 Good old Dan you'll have to guide me right
 F C
 If we lose our way the cattle will stray
 F C
 And we'll lose them all tonight
 F C
 Cause all of the grass and water's gone
 F C
 We'll have to keep the cattle moving on

Sand blowing I just can't breathe in this air
 F C
 I thought it would soon be clear and fair
 F C
 But dust storms played hell with land and folks as well
 F C
 Got to be moving somewhere
 F C
 Hate to leave the old ranch so bare
 F C
 I've got to be moving somewhere

Get along doggies we're moving off of this range
 F C
 I never thought as how I'd make the change
 F C
 The blue skies have failed so we're on our last trail
 F C
 Underneath these dusty skies
 F C
 These ain't tears in my eyes
 F C
 Just sand from these dusty skies
