G D7  
I went to sleep last night lonely and blue  
C G  
Tears were falling like the morning dew  
D7  
But when I closed my eyes my loneliness was gone  
G  
Cause I dreamed my baby came home

C  
And you were holding me  
G D7 G  
Kissing me like you used to do  
C  
My heart went crazy  
G D7  
When you whispered I love you

G D7  
Yes you were standing there sweet as you could be  
C G  
Like you had never said goodbye to me  
D7  
For just a little while my loneliness was gone  
G  
Cause I dreamed my baby came home
