One Of These Mornings - Ricky Nelson
Author: Richard Melville Hall

G
Well one of these mornings I'm gonna rise and shine
And get a one way ticket I'm gonna leave behind
All of my troubles and misery
I'm gonna find me a gal that's gonna love me oh yeah

G
I wanna be there soon
Making love to some sweet gal by the light of the moon
If you wanna go with me then you better be packed
I'm leaving one of these mornings on a one way track

There'll be singing and dancing and sweet romancing
Hugging and a kissing that's what I've been missing
From my baby who found someone new
I done told my gal what I'm gonna do

G
I'm gonna le-ave on a one way track
Yes one of these mornings and I ain't coming back
Come along and go with me but you can't be late
Cause one of these mornings that train won't wait
