

The Day's Not Over Yet-Sonny James

Author:Carol Smith and Sonny James

C G7 C
The day's not over yet no the day's not over yet
 G7 C
And as long as there's any light at all
 F C
I'll stand and watch at the window wait by the phone
 G7 C
The days not over yet you might come home

My heart cried out don't leave like this
 F C
As I watched you walk away
 G7
Knowing you just couldn't mean
 F C
Those things I heard you say

It's not the first time you've been gone
 F C
We've had these quarrels before
 G7
And yet my love a day don't pass
 C
That I don't love you more
