

Until The End Of Time-Hank Snow

C G7
 Gangs and paupers poets and authors and just plain people
 C
 Through the ages and until the end of time
 F
 In their own way they've expressed love and words of happiness
 G7 C
 So let me say I love you in this song of mine

G7
 F
 Love is you and to me there's nothing better
 G7 C
 Loving you is like drinking summer wine
 F
 There's a million definitions you create I can defy
 G7 C
 So I'll just say I love you in this song of mine

G7
 Love's the feeling that I get when we're together
 C
 It's the many ways you please me all the time
 F
 Love's your understanding way I can count on everyday
 G7 C
 So I'll just say I love you in this song of mine
