You done me wrong when you left home
D7
You broke my heart and each vow
I was right by you my love was true
G
So you can go on your way now

All through the years I've shedded tears

Tried to keep loves plans in our house
But now I'll stay out of your way

Yes you can go on your way now

You trifled round all over town
D7
You've had your fun dear and how
It didn't brother you cause I was blue
G
So you can go on your way now
