 You pass me by and you don't even stop to say hello  
 G7  
 Don't know why I've learned to love you so  
 C C7 F  
 Each night it seems I hear you say your love will never die  
 G7 C  
 I wake from dreams you pass me by

 When you are lonely some day you'll learn  
 D7 G7  
 Just what it means to live in dreams of love that's unreturned  
 C C7 F  
 A love so sweet that vanished with the sunshine in the sky  
 G7 C  
 Each time we meet you pass me by  
  
 C7 F  
 You pass me by and now I know my hopes are all in vain  
 G7  
 Here am I alone on memory lane  
 C C7 F  
 I hope and pray that the one you love will never make you cry  
 G7 C  
 Then turn away and pass you by  
  
 C7 F C  
 I keep your memory locked in my heart  
 D7 G7  
 Forever there to help me bear the lonely tears that start  
 C C7 F  
 I might have known our love was only meant to be a lie  
 G7 C  
 Oh heart of stone you pass me by
