Beginning lead starts in the Key of E, then to A

A
We met downtown in the barroom,
E
Both of us needing a friend,
You brought me home to your doorstep,
A
It was there you invited me in,

A
We spent the wee hours dancing,
E
To your favorite home stereosounds,
We talked about what we been needin',
A
Discussin' our ups and our downs,

A
And I've had a beautiful time,
E
Holding your heart next to mine,
I poured out the feelings while you poured the wine,
A
And I've had a beautiful time.

LEAD

A
If I seem a wee bit uneasy,
E
You really sized me up right,
There's somebody home still up waiting,
A
She probably been waiting up all night.

A
I can't say I found any answers,
E
But you listen while I ride alone,
And you little beautiful lady,
A
And you kept me from being alone.

A
And I've had a beautiful time,
E

Holding your body next to mine,
You poured out your feelings and I poured the wine,
A

And I've had a beautiful time.

A
I've had a beautiful time,
E

Holding your heart next to mine,
We poured out the feelings then we poured the wine,
A

And I've had a beautiful time.

E
You poured out your feelings while we poured the wine,
A

And I've had a beautiful time.
