

Earth Sign Man
by Donovan

I'm an earth sign mama
I want you to understand
I'm an earth sign mama
Take me by the hand

I like my trees and books I like my woman to cook
I'm an earth sign mama
Take a look

You're an aire sign honey
You're all around me all the time

You're like the mountain air
Flying through my hair
You're an aire sign honey
I do declare
You're like a balmy breeze
Moving through my leaves
You're an aire sign baby
I do believe
