

Love Song, The  
by Donovan

I'm not very fancy in the mid of air,  
I'm not proud to say I am merry here.  
I've found a girl and I love her so,  
Groovy, groovy woman and she set me free.  
Hark awhile and listen to this love song.  
Give me for sometimes I wanted to  
Take her to the woods and show her what to do.  
She could see the stars if she's looking up,  
Drink the sweet juice from a loving cup,  
Show her what it is to make a love song.  
Hey, have you ever seen the lonely ones  
Putting down the lovers for having fun ?  
The very same thing that would set them free,  
They should catch an evening with my lover and me,  
Whoopie!

Hark awhile and listen to this love song.  
Hey, have you ever seen the lonely ones  
Putting down the lovers for having fun ?  
The very same thing that would set them free,  
They should catch an evening with my baby and me,  
Whoopie!
