

Wild Witch Lady
by Donovan

She's a wild witch lady
She's a voodoo child
She's got poison lipstick
She drive King Kong wild
She eat boys for breakfast
She's a goblin girl
She suck up all your insides
Make your finger nails curl
Whoa! Yeah! Sweet young thing

She's a sleazy miss teasey
Black leather kid
Mata hari

Ain't done what she did
She got acid saliva
She got a reptile tongue
She drive a young man crazy
She make an old man young

Whoa! Yeah! Sweet young thing
