

BIG LOVE, BIG HEARTACHE - ELVIS PRESLEY
(Words and music by Fuller - Morris - Hendrix)

Oh yes, I know it's true
The more you fall in love
The more your heart can break in two
Now that you've said goodbye
For every tender kiss
I've had the tears I cry
I gave my heart and soul
All the love I knew
Oh how much it hurts me now
To know that we are through

I'll always feel this way
My arms will be so empty
You'll return some day and say
Your love, yes your big love
Will be here to stay
Till then it's

Your love yes your big love
Will be here to stay
