

CRAWFISH - ELVIS PRESLEY

Well I went to the bayou just last night  
There was no moon but the stars were bright  
Put a big long hook on a big long pole  
And I pulled Mr. Crawfish out of his hole  
Crawfish

See I got him, see the size  
Stripped and cleaned before your eyes  
Sweet meat look, fresh and ready to cook  
Crawfish

Now take Mr. Crawfish in your hand  
He's gonna look good in your frying pan  
If you fry him crisp or you boil him right  
He'll be sweeter than sugar with every bite
