

LET'S BE FRIENDS - ELVIS PRESLEY  
(Words and music by Arnold - Morrow - Martin)

Don't be afraid, you and I were made the same little one  
And I know what it's like when you feel left out of the game little one  
But if you take this helping hand that I lend  
Then we can smile together, let's be friends

The world that you see may seem to be a mystery to you  
The night may be dark but hope very hard and dreams can come true  
You live in silence but for once let's pretend  
We're talking here together, let's be friends

You're not alone, I've always known that we'd get along  
And someone I know says life is good and He can't be wrong  
There's fun and laughter just waiting round the bend  
Let's find them now together, let's be friends

Let's find them now together, let's be friends
