

WHERE DO YOU COME FROM? - ELVIS PRESLEY  
(Words and music by Ruth Batchelor - Bob Roberts)

Where do you come from?  
Tell me who you are  
Do you come from another world  
Or from some distant star?

Where do you come from?  
Are you what you seem?  
Are you real,  
Are you standing there,  
Or is it just a dream?

Tell me more about yourself  
Do you feel the way I feel?  
Are you just a vision,  
Or are you really real?

Where do you come from?  
Angel won't you say?  
Tell me all that there is to know  
And tell me that you'll stay.
