

## Where No One Stand Alone by Elvis Presley

C G  
 Once I stood in the night  
 C F C  
 With my head bowed low  
 G  
 In the darkness as black as could be  
 C F C G F  
 And my heart felt alone and I cried oh Lord  
 C G C  
 Don't hide your face from me  
 C G C F C  
 Like a king I may live in a palace so tall  
 C F G  
 With great riches to call my own  
 C G F  
 But I don't know a thing  
 C F C  
 In this whole wide world  
 F G C  
 That's worse than being alone  
 C F G C  
 Hold my hand all the way, every hour every day  
 G C  
 Come here to the great unknown  
 F C G F  
 Take my hand, let me stand  
 C F G C  
 Where no one stands alone  
 F C G F  
 Take my hand, let me stand  
 C F G C F G C  
 Where no one stands alone
