

Heart To Heart
Album:Other songs

(Emmylouy Harris/Paul Kennerley)

Heart to heart we'll hold together
Hand in hand we'll find a way
Oh, the storms of life may blind us
But with the loving vows that bind us
Heart to heart hand in hand we'll stay
Side by side forever and always
Day by day till our lives are done
This sweet love is ours to treasure
Far beyond all time and measure
Side by side day by day as one
The years cannot take what's between you and me
We'll stand here together for the whole world to see
Heart to heart there'll be no other
Hand in hand for our love is true
Oh, the words that we have spoken
Will be a promise never broken
Heart to heart hand in hand with you
