

Wheels Of Love
written by: Marjy Plant

Eb
 The wheels of love turn around and around

 Keep on rolling till you've found
 Ab Eb
 The perfect partner somebody just right
 Bb Eb
 To have and hold every day and every night
 Eb
 So she's halfway to Texas with all of your dreams

 The world ain't as bad as what it might seem
 Ab Eb
 You've got a whole lot of living honey left to do
 Bb Eb
 There's still a whole lot of love inside of you
 Ab
 The wheels of love turn around and around
 Eb
 They'll take you for a ride like a merry go round
 Ab
 Don't let heartache hold you down
 Eb
 When there's plenty of love left to be found
 Bb Eb
 On the wheels riding on the wheels of love
 Eb
 Catch a ride imagine what you might find

 Just the right girl at just the right time
 Ab Eb
 Ready and waiting she'll look you in the eyes
 Bb Eb
 Ah but the wheels of love will never compromise
 Eb
 So she broke your heart honey don't look back

 You got to keep on rolling down the track
 Ab Eb
 And maybe the next time ll keep your feet on the ground
 Bb Eb
 When the wheels of love spin you around
 Ab
 The wheels of love turn around and around
 Eb
 They'll take you for a ride like a merry go round
 Ab
 Don't let heartache hold you down
 Eb
 When there's plenty of love left to be found
 Bb Eb
 On the wheels riding on the wheels of love
 Ab
 The wheels of love turn around and around
 Eb
 They'll take you for a ride like a merry go round
 Ab
 Don't let heartache hold you down
 Eb
 When there's plenty of love left to be found
 Bb Eb
 On the wheels riding on the wheels of love
 Bb Eb
 On the wheels riding on the wheels of love
