

Cypress Grove

Cypress Grove

I'd rather be buried in some Cypress grove,
I'd rather be buried in some Cypress grove,
Then have some rider, baby, that I can't control.

I'd rather be buried and six feet in my grave,
I'd rather be buried and six feet in my grave,
Than to be left a-here, honey, and treated this a-way.

When your knee bone's aching and your body's cold,
When your knee bone's aching and your body's cold,
You're just getting ready for the Cypress grove."
