Get Out of This Rain

Get Out of This Rain

Caught in the rain storm
I am standing alone
So many miles from you
I was thinking about our life together
Knowing it must be now or never
To get back to you
Now I just got to
Get out of this rain

I can feel it washing my life away
And I know that I must get out
Of this rain and listen to my heart again
I ran away thinking it could be done
That it could be done
But I didn't realize
That 2 hearts are better
Than one

I was thinking about all the times
We were losing
Living together can be so confusing
But we always were
Now I just got to get
Out of this rain
I can feel it squeezing my life
Away and I know that I need
To get out of this rain
And listen to my heart again

Rain Rain Rain
Get out of this rain
Rain Rain Rain
Get out of this rain
Rain Rain Rain

And listen to my heart again
Now I understand exactly what I must do
Cast off these shackles of time
And make my way back to you
Now I can't deny my free occupation
Is leading me back to the sweetest obligation
I am in love with you

Now I just got to
Get out of this rain
I can feel it squeezing my life away
And I know that I need to get out of this rain
And listen to my hear again

Rain Rain Rain
Yes I am standing alone
Listening to my heart again
