The Good Ship Wet

The Good Ship Wet
(Sesame Street)

On the Good Ship Wet when it rains and pours,
We sopping wet sailors never go indoors.
We love it when we're splashed by the waves you bet
And that is why we call the ship the Good Ship Wet.
That is why we call the ship the Good Ship Wet.

cho: On the Good Ship Wet, the Good Ship Wet
Water's always welcome on the Good Ship Wet.
The desert's dry so nice and dry
We love dry sand blowing in our eye.

We get a little thirsty but we're not upset
We'd much much rather be dry than wet
We'd rather be dry than wet.

On the Good Ship Wet every gal and bloke
Is tickled pink whenever all their clothes get soaked.
We sip a lot of soup and we eat damp chips
The roof is nice and leaky and the faucet drips.
The roof is nice and leaky and the faucet drips.

The desert's dry we like it dry
It's dry as toast and I'll tell you why.
It hardly ever rains and it doesn't ever snow.
We think dry is the way to go.
Dry is the way to go.

We like it wet. We like it dry
We like it wet. We like it dry.
Wet Dry Wet Dry -- Wet and Dry!
