## Green Rocky Road

### Green Rocky Road

I was born in Tennessee,  
I was born in Tennessee,  
I was born in Tennessee,  
Miss my friends and they miss me.

Green, green rocky road,  
(Promenade in green,  
Tell me who you love,  
Tell me who you love.

I'm going down to Baltimore, boys  
Been that way six times before.

Follow the bird up in the sky,  
He don't preach, he just flies.

I'm goin' down to Galilee,  
Why don't you come and go with me?

Ain't no use to sit and cry,  
You will see me by and by.

I'm goin' down to Baltimore, boys,  
Been that way six times before.

From County Down, "Living in the Country."
