The Woodpecker Song 2

The Woodpecker Song 2

He'll call you very bright and early
wake up all the neighborhood.....
He'll sing to every boy and girlie
his little serenade on wood

cho: You can hear him picking out a melody
 Peck, peck, pecking at the same old tree
 He's just as happy as a bumble bee
 All day long

Come on and try his rhythm
And let your heart beat with him
And you will hear that
Dig a dig dig, dig a dig dig
Happy little woodpecker song

There may be some more verses but that's all that I know
