You Can't Stop Me from Dreaming-1937
Regal Zonophone MR2628 Friend/Franklyn

So sweet and lovely but what an affair, not even a kiss since we met
You just wont love but I dont care, but I will get you yet.

You can stop me from kissing you, you can stop me from cuddling too
You can say no no honey thats all right, but Ill get even with you tonight
Cause you cant stop me from dreaming.

You can stop me from holding hands, make me listen to your commands
You can say no no honey thats all right, but Ill get even with you tonight
Cause you cant stop me from dreaming

From one o clock till nine Ill dream youre mine
Ill steal a kiss, now look what youre gonna miss.

You can stop me romancing you, youre the boss now but Im not through.
You can turn me down honey thats all right, but Ill get even with you tonight
Cause you cant stop me from dreaming.

You can stop me from kissing you, you can stop me from cuddling too
You can treat me mean honey thats all right, but Ill get even with you tonight
Cause you cant stop me from dreaming.

I want to get you cheek to cheek
Want to show you my new technique
You can say no, no honey thats not right but Ill have you on me own tonight
Cause you cant stop me from dreaming.

For each night in the park when it grows dark
Ill dream were there with lots of love to spare.

And well both sail on passions wings, you cant stop me from thinking things.
There are lots Id teach you by hook or crook,
That you wont find in a cookery book
Cause you cant stop me from dreaming.
