### The Dancing Heart

Oh, the Holy Ghost will set your feet a-dancing  
The Holy Ghost will thrill you through and through  
The Holy Ghost will set your feet a-dancing  
And set your heart a-dancing too

David danced before the Lord  
He danced with all his might  
His heart was filled with Holy joy  
His spirit was so light

Michal through the window looked  
To criticise did start  
She didn't know that David  
Had got a dancing heart

David danced before the Lord  
To magnify His name  
In God's almighty presence  
He felt no sense of shame  
The oil of gladness flowed that day  
It quickened every part  
He hadn't only dancing feet  
He had a dancing heart

Out of Egypt long ago  
The Israelites were fed  
By a mighty miracle  
They all were kept and fed  
Through the Red Sea they were brought  
The waters stood apart  
And God have sister Miriam  
A dance down in her heart

There was a celebration  
Upon the Red Sea shore  
Timbrels rand, desert sands  
Became a dancing floor  
The people sang and praised God there  
And put a dance of love and joy

A-deep down in their hearts

The prodigal was far away  
Wandering out in sin  
But he came back to father's house  
And father took him in  
He put a robe upon his son  
The merriment did start  
The prodigal got dancing shoes  
To match his dancing heart

The father's house with music rang  
To welcome home the son  
Wine was flowing full and free  
All misery was gone  
The elder brother looking on  
Complained it wasn't fair  
He hadn't got a dancing heart  
Like all the other's there

Now many saints are cold and bound  
By unbelief today  
They want the blessings of the Lord  
But worry what men say  
O, let the Lord have full control  
From dead traditions part  
And He will set you free within  
You'll have a dancing heart

Now in the Bible we can read  
That in the latter days  
Men would leave their first love  
And turn to carnal ways  
But trueborn saints of Jesus  
For the Bridegroom set apart  
Are waiting for His coming  
With a joyful, dancing heart
