If You'll Move Over  
Old Gospel Song

1. I woke up this morning with heaven on my mind, glory down in my soul.  
The joy of heaven is still in me, making hallelujahs roll.  
Well, I feel like I could just run and run for miles on down the road.  
And if you'll move over just a little bit, I'll help you carry your load.

CHORUS:

If you'll move over just a little bit, let me give you a helping hand,  
Though the way looks rough and hard, together we can sta-a-a-nd.  
I know just what you've been going through, I've been down that same old road,  
And if you'll move over just a little bit, I'll help you carry your load.

2. Well, I know old Satan's been talking to you, he's telling you a lie.  
He'll tell you that you can't go on and there's no use to try;  
But when we get up on the hill, you'll be so glad we've tried  
And, praise the Lord, we'll shout together going down the other side.
