**My Deliverer**

(This is just a GOOD piece of work, with a natural rythm and beat)(Notice that chorus 1 and chorus 2&3 are differently chorded. Pick your favorite sound and go with it, or make up your own version... :)  
 Also the last tag is also slightly different. This is an exciting song and there is a lot of good sound in it, this is just the way i hear it... Not that i'm right, just that this is such a good song you can take a lot of license and make your own sound for it... Sing unto the Lord a new song, eh?)
