Over the Next Hill We'll be Home

C
By the way the land is layin'
F
I think I'd be safe in sayin'
C G7 D7 G7
That over the next hill we'll be home
C
It's a straight and narrow
F
No detour and no byways
C F C G7 C
And over the next hill we'll be home

C F
From the prophets I've been hearin'
C
I would say the end is nearin' G7 D7 G7
For I see familiar landmarks all along
C
By the dreams that I've been dreamin'
F
There will come a great redeemin'
C F C G7 C F
And over the next hill we'll be home

C
By the turn the tide is takin',
F
I would say there's no mistakin'
C G7 D7 G7
That over the next hill we'll be home
C
There's a place that we are nearin'
F
That many have been fearin'
C F C G7 C
And over the next hill we'll be home

C F
When we get there we're all hopin'
C
That we'll find the gate is open
G7 D7 G7
And there'll be a refuge from the comin' storm
C
For the way's been long and weary
F
But at last the end is nearin'
