Redemption

Am

Am

From the hands it came down

Dm

From the side it came down

E

From the feet it came down

Am

And ran to the ground

Am

Between heaven and hell

Dm

A teardrop fell

E

In the deep crimson dew

Am

The tree of life grew

C

And the blood gave life

G

To the branches of the tree

F

And the blood was the price

G

That set the captives free

C

And the numbers that came

G

Through the fire and the flood

F

Clung to the tree

Am

And were redeemed by the blood

From the tree streamed a light

That started the fight

'Round the tree grew a vine

On whose fruit I could dine

My old friend Lucifer came

Fought to keep me in chains

But I saw through the tricks

Of six-sixty-six

{chorus}

From his hands it came down

From his side it came down

From his feet it came down

And ran to the ground

And a small inner voice
Said "You do have a choice."
The vine engrafted me
And I clung to the tree

{chorus}

Am

From his hands it came down

Dm

From his side it came down

E

From his feet it came down

Am

And ran to the ground
