You're the Source

D                       G
You've kept watch over me since I was a child
D                        A
You've stayed close when my heart has gone running wild
Bm                      G
You've welcomed me back again and again
D                     G        Bm       G
You've offered your kindness, forgiven my sin

D                       G
You're the source of all the good gifts I know
D                        A
No one else can equal the love you show
D                  Bm
Though my praise for you often comes so slow
G                   A       D
How I long for my life with you to grow

D                       G
In your actions you show the proof of your care
D                        A
In your presence comes comfort, you're every where
Bm                      G
In your mercy I find hope that will last
D                     G        Bm       G
In your second life I am saved from my past.
