

## I Guess I Planted-crd

Words: Guthrie [n.d.] Music: Bragg [1997]

## [Verse 1]

[E][F#m]

I guess I planted some long lonesome seed of a song

[C#m] [Bm][A]

Way down inside me long ago

[E] [F#m]

And now I can't remember when it was

[C#m][Bm][A]

But it joined up with the rest of them and grows

[E] [A]

It's such a little song it don't compare

[E] [A]

With all your big ones you hear everywhere

[E] [C#m][B]

But when it dawns way in the back of your mind

[C#m] [Bm][A]

The big ones are made up of the little kind

## [Chorus 2x]

[E] [A] [E] [A]

Union Song. Union Battled.

[E] [C#m] [F#m] [E]

All added up. Won us all what we got now.

## [Verse 2- same chords as Verse 1]

I can't even start to look around here

Without hearing this song

And seeing all of us first seperated,

Hurt, apart and afraid

And hungry for the union

And so we kept on

Singing and working, fighting till we got it.

And this is the big union song I guess I hear.

## [Chorus 2x]

[Bridge]

[A] [G#] [F#m] [E]

## [Solo over Verse part]

We fought there at your place

We fought there on your ship

And I guess if you missed out on

The fight for our union,

You missed out on one awful big step

Us people took.

[Chorus with "na na"s]

[Chorus with words]
