

### What Did The Deep Sea Say?

Oh captain tell me the truth  
Does my sailor sail with you  
No he does not sail with me  
He sleeps on the bottom of the sea

What did the deep sea say,  
Tell me what did the deep sea say  
Well it moaned and it groaned  
And it splashed and it foamed  
And it rolled on it's weary way

Well he promised to write to me  
But his promise he never kept true  
Never a word from my sailor have I heard  
Since he sailed on that ocean blue

What did the deep sea say,  
What did the deep sea say  
it moaned and it groaned  
And it splashed and it foamed  
And it rolled on it's weary way

A beautiful rose every day  
A place on the crest of the waves  
Said take it please and let the pedals fall  
Upon his watery grave

What did the deep sea say,  
Tell me what did the deep sea say  
It moaned and it groaned  
And it splashed and it foamed  
And it rolled on it's weary way

Oh what did the deep sea say,  
What did the deep sea say  
It moaned and it groaned  
And it splashed and it foamed  
And it rolled on it's weary way

what did that deep sea say,  
tell me what did that deep sea say  
It moaned and it groaned  
And it splashed and it foamed  
And it rolled on it's weary way
