

Little Bells of Easter
Fanny Crosby, 1898.
Howard Entwisle.

Little bells of Easter, 1we will gently sway,
Ringing chimes for Jesus on this happy day;
2Nodding, gaily nodding, like the flowers we love,
Singing praise all our days for the King above.

Refrain

Bells of Easter gaily swinging to and fro,
Pealing out a gladsome lay as forth we go;
"Jesus lives forever" is the news we bring,
Blessed tidings of salvation, "Christ is king."

Little bells of Easter, 3swinging all in time,
4Round about together hear our echoes chime;
Giving out the sunshine as we pass you by,
Singing praise all our days to the King on high.

Refrain

Little bells of Easter, happy hearts have we,
In our master's service faithful let us be;
Ever 5moving onward step by step we'll go,
Singing praise all our days while on earth below.
