

Love Surpassing Human Love

Irene Durfee, 1922.

Stillman Martin.

O love surpassing human love,
The love divine for sinners lost;
In love God gave His only Son,
His shameful death salvation's cost.

Refrain

O blessed Savior, by Thy pain,
The sinner reaps eternal gain.

God loved us when we would not have
His blessed Son to be our Lord;
And freely, fully He forgave,
When we believed His holy Word.

Refrain

The Son of God in wondrous love,
On Calv'ry's cross was slain for me;
He paid my debt, He bore my load,
"In His own body on the tree."
