

My Song in the Night
Frederick Graves, 1894.

When out on life's ocean, the waves dashing high,
While waters are troubled, and no help is nigh,
I'll sing Ebenezer and watch for the light,
"And call to remembrance my song in the night."

Refrain

"My song in the night, my song in the night;
I call to remembrance my song in the night."

God's promise is sure, and we're safe in His care,
He'll help all His children their burdens to bear;
To Him let us look to be kept in the right,
"And call to remembrance our song in the night."

Refrain

The blood of the Savior will cleanse every one;
O sinner, He'll save you if only you'll come;
Accept of His mercy, your way will be bright,
Then sing with the saved ones your "song in the night."

Refrain

The home over there will be soon our abode,
Tho' straight is the way oftentimes rough the road;
But Jesus our Guide is the Way and the Light,
I call to remembrance my song in the night.
