

Shine in His Name

Helen Duff, 1917.

Talmage Bittikofer.

When clouds hang low, and dark thy path,

Then trust and know they'll lift at last;

Whate'er the load, then look to God,

Though long the road, e'er onward plod.

Refrain

Shine through the sunshine,

Shine through the rain;

Shine through the shadows,

Shine through your pain;

Shine in the darkness,

The victory gain;

Shine in your trials,

Shine in His name.

With grace bear wrong, that Christ may reign;

Then lift a song, shine in His name;

Then shine for Him who died for you;

The victory win, He'll see you through.

Refrain

Then God be praised, your "faith made sight,"

The banner raised, "God's love and light";

And from the heart will come the song,

That God made right to come from wrong.

Refrain
