

Lament For The Lost

G
There's a love that's deeper than my sorrow,

D **D7**
And a sorrow deeper than my love.

G
Will the moon be brighter if tomorrow

D **D7** **G**
The skies are dull and grey and overcast?

D **D7** **C** **D**
On that dark day in Dublin town I lost the only love of mine

Em **G** **Am** **Em** **D** **C** **Em** **Am**
That cast the cloud of loneliness, untill the end of time

C **Bm** **Am** **G**
And edged upon my mind it was the sadness of that moment

Am
I see your face suspended there in time.

G **Em** **Am**
If I could only turn back time and live my life all over

G
I'd relive the joys of love when you were mine.

G
There's a dream that's hunting all my memories

D **D7**
And a memory hunting for my dreams.

G
In my mind the seeds of hate were growing

D **D7** **G**
In my life the seeds of love will live.

D **D7** **C** **D**
Will there be a mend to my loneliness? How I miss, I miss that love of mine.

Em **G** **Am** **Em** **D** **C** **Em** **Am**
If I would change this emptiness, if I could turn back time.

C **Bm** **Am** **G**
I see your face suspended there in time, yes in time.

D **D7** **C** **D**
On that dark day in Dublin town I lost the only love of mine

Em **G** **Am** **Em** **D** **C** **Em** **Am**
That cast the cloud of loneliness, if I could turn back time.

C **Bm** **Am** **G**
I see your face suspended there in time, yes in time.
