### The Land We Love

Intro: C-G-C-G

C F C  
In the mornin' of my life  
D G  
I have lived with fear and strife  
C F C  
I have seen so many die  
G C  
I have watched their loved ones cry.

Chorus:

G G7 F C  
But the years have passed and I've grown old  
G G7 F C  
The songs are sung and the stories told  
F C  
Of those dark days when I was young  
G7 C  
Of those sad times in the land we love.

I grew up to love our land  
The games, the heroes and the songs  
I had my dreams like most young men  
That we could live in peace again.

Chorus

In the twilight of my life  
I still live with fear and strife  
And this new day I hope again  
For peace and love throughout our land

For the years have passed and I've grown old  
The songs are sung and the stories told  
Of those dark days when I was young  
Of those sad times in the land we love.
