

Love Is Teasing

 C Em G7
(Chorus) Love is teasing and love is pleasing
 F C
And love is a pleasure when first it's new
 Em G
But as love grows older sure love grows colder
 F C
And fades away like the morning dew

I left my father I left my mother
I left brothers and sisters too
I left all my friends and my own relations
I left them all for to follow you

And love and porter make a young man older
And love and whiskey make a young man grey
What cannot be cured love must be endured love
And now I am bound for America

The sweetest apple is soonest rotten
The hottest love is the soonest cold
What cannot be cured love must be endured love
And now I am bound for America

I wish I wish , I wish in vain
I wish that I was a maid again
But a maid again I can never be
"Till apples grow on an ivy tree
