Back Home To Ireland (for the 1st time)  
Author: Donal O'Shaughnessy  
Copyright: 2000

There's a spirit that flows in an Irishman's soul  
And carries within it, all the dreams of the past  
Deep in our memories are the greatest of those  
Believers, and Dreamers, who died with a hope  
That the freedom ship sails  
With an Irish flag high on its mast

Those who can realize these feelings of pride  
To be linked to the people of this storied land  
I return to this island and know deep inside  
The strongest, the bravest, the faithful and true  
Grant me welcome with smiles, and joy  
In their open hands

Chorus  
Back home to Ireland for the first time  
As I gaze on your fields and your shores  
In each Irishman's heart  
there's a part of you inside  
In my heart I have been here before

Time calls upon me to fly o're the sea  
To answer those voices, they're calling me home  
The history has taught me what I am to love  
My family, my country, to worship my God  
It's your spirit that lives  
in my heart and the depths of my soul

Chorus
