

### Advent Song

Words: Arthur Pierson, 1897

Music: Louise Shephard.

Hear the advent song of the angel throng  
As they hovered over earth;  
As the night shone bright with celestial light,  
As they told of Jesus' birth.

#### Refrain

Glory be to God, in the highest, praise!  
Peace on earth, good will to men.  
Roll the angel song all the earth along,  
Till the Lord shall come again!

Glory be to God! all His works we laud!  
But of all His gifts, the best  
Is the Son he gave, sinful men to save;  
Be His name forever blest.

#### Refrain

We will seek His face, we will know His grace,  
We will worship at His shrine;  
All our treasure lay at His feet today,  
As we hail Him king divine!

#### Refrain

At His cradle bend, for in Him descend  
All the blessings God can give;  
At His shameful cross, count your gain as loss,  
By His death we sinners live.

#### Refrain

Peace on earth shall reign when He comes again,  
Lord of lords, and King of kings;  
Even now God's rest fills the troubled breast,  
When the Lord His presence brings.

#### Refrain

Let the sons of light, through the world's dark night,  
As the watchers wait the dawn,  
Look with eager eyes for the new sunrise  
Which shall bring the endless morn!
