

## Betty Called Me In-crd

Betty Jo, you (Em7) made it plain, (G) when first you (D) held me near  
 Even though you (Em7) caused me pain, (G) you were all the (A) world to me  
 (D) We made love, we (E) had such fun, (Em7) many fine times went (D) by us  
 (Em7) Now it's all so hazy and a little bit crazy  
 (D) Betty Jo my (E) heart's on fire, (Em7) I don't need this (D) crying  
 (Em7) The next time you see me, in the back seat of a taxi's where I'll (D)  
 be

(G) Betty called me (A) in to say good(D)night  
 (G) Much to my re(A)lief and pure de(D)light  
 I think that was my (D7) big love scene  
 I (G) do believe her (A) engine run all (D) right

Betty said get ready the time has come  
 I was young and my good life had begun  
 And with the dawn the child in me was gone  
 Betty made a man out of me that night (G) (A)

Betty made my clothes and sewed my jeans  
 Listening to my songs and foolish schemes  
 I think the way she got to me  
 It would seem like a laser beam right to the soul

Betty my true love do what you do tonight  
 Where she goes I hope she knows she's right  
 The worst of times and the best of times  
 She was never the kind to kick and bitch and fight

(G) (A) (D) (G) (A)

Betty called me in to say goodnight  
 Much to my relief and pure delight  
 And with the dawn the child in me was gone  
 Betty made a man out of me that night (G) (A)  
 I think that was my big love scene  
 I do believe her engine run all right

(G) (A) (D) (G) (A) (D) (C) (G) (D)
