

Gotta Get Away-crd

(E) (G) (E) (A) (E) (G) (E) (A)

I'm (E) on my way, got no time to (G) waste
 (E) Places to go, people to (G) chase
 Gonna (E) grab my comb 'n my tooth(A)paste (A7)
 (E) Gotta get away from here (G) (E) (A)

Twenty-one years from the day I was born
 I was working on the night shift tooting my horn
 Through sheets of rain, through sleet and storm
 You come to me (G) (E) (G)

(A) You were the girl with the summer sunshine
 (Em) In your eyes and in your smile
 (A) You were the one I thought loved me
 It was (E) something I (D) never could quite be(A)lieve
 (E) Gotta get away from here (G) (E) (A)

I'm a real bad loser that's what I am
 Gonna grab my hat and my hexagram
 You can stick my money in an old tin can
 I think I fell in love again

I was down by the bus stop biding my time
 I was hitching a ride with a friend of mine
 I was almost gone, I was over the line
 I said what's come over me

You were the girl with the sound of springtime
 In your songs and in your voice
 You were the one I thought loved me
 It was something I never could quite believe
 Gotta get away from here
 Gotta get back to you (E) (G) (A) (E) (G) (E) (A) (E) (G) (E) (Cmaj7)

I'm gonna make it today, I'm gonna get on my toes
 Been awake so long I'm getting ready to doze
 Gonna grab my bag and a few old clothes
 Gotta get away from here
 Gotta get back to you
 I (E) gotta get away, gotta get away
 (G) Gotta get a(E)way, gotta get away
 Gotta get a(A)way (E) (G) (E) (A) (E) (G) (E) (A/B)
