(C) Any way the (F/A) wind may blow
(F) Any way the (G) creek may flow (Am) (C/B) (C)
Any way the (F/A) crow may fly, with(F)in the confines (G) of the sky
(Am) I will (F) prove my (G) love to (C) you (E)
In (F) every(G)thing I (C) say and in (C/B) all I (Am) do (C/B) (C)

Anywhere the song is king
Anywhere the robin sings
Anywhere the lake is cold
Anywhere the bell is tolled
I will prove my love to you
In everything I say and in all I do

Anytime our paths don't cross
And the losing dice are tossed
Anytime you know what's best
Anytime I can't care less
I'll make it up to you
In everything I say and in all I do

Any way the wind may blow
Any way I stub my toe
Any way the tree might bend
Any way the day might end
I will prove my love to you
In everything I say and in all I do
I will make it up to you
In everything I say and in all I do
