

Knotty Pine-crd

(E) She's my knotty pine, (A/B) she leans with the wind
 (Bsus4) She cries turpen(E)tine
 Some(A)times she nettles (Bsus4) me but I don't (E) mind
 (Bm7) Only now and (A) then, (G) when her branches (A) bend beneath the (E)
 snow
 She's knotty but nice, reaching for the sky
 She don't like snow or ice
 To leave things as they stand is my advice
 She's been good to me, so I tend to go there when I can (Amaj7) (Bsus4) (E)

She's my knotty pine, such a pretty scene
 She tries to be kind
 She gives birds a home and shelters them
 In her coat of green, she's as green as evergreen can be

She's a real delight, when little breezes call
 To ruffle up her skin, all her sap runs free and sticks to me
 Hidden deep within, I will be her slave eternally (Amaj7) (Bsus4) (E) (A/B)
 (Bsus4) (E)

She's my knotty pine, sunlight in her hair
 By the serpentine
 Though she is independent I don't mind
 Standing over there, just beyond that maple on the right

She's knotty but wise, she holds her anger in
 Trees are her disguise
 Cones are taking root before my eyes
 Find them if you can, among her boughs she keeps them out of sight

She's my knotty pine, she leans with the wind
 She crys turpentine
 Sometimes she nettles me but I don't mind
 Only now and then, when her branches bend beneath the snow
