

**Long Way Back Home-crd**

(D) From the railhead to the boatyard, from the factory to the (G) farm  
From the mine to the (A) millyard, I've weathered the (D) storm  
From the bar room to the bedpost I've wasted my (G) days  
All I have is my (D) drink and the time left to (A) think  
While time slips a(D)way  
Just look at my (C) face (Em) (A) as you tell me good(D)bye  
You'll see what I'm (F#m) after by the look in my (Em) eye  
(F#m) Just walk a(G)way and leave me a(A)lone  
It's a long way back (D) home

Now in case you should ask me, what it is that I've done  
Well I say I'm a soldier who once had a son  
But my son doesn't know me, that's his right to choose  
Oh say can you see, my best friend is me  
I'm a friend I could use

Just look at my face as you tell me goodbye  
You'll see what I'm after by the look in my eye  
Just walk away and leave me alone  
It's a long way back home

Now the pages have faded, the story grows cold  
And the plot falls to ashes like the ruins of old  
Those rats in my rafters, they're after my shoes  
And anything else they can find on the shelf  
I've said they could use

Just look at my face as you tell me goodbye  
You'll see what I'm after by the look in my eye  
Just walk away and leave me alone  
It's a long way back home  
It's a long way back home
