

Never Say Trust Me-crd

(G) The sky above is (D) filled with stars
 The (C) road is long and no (G) cars are in sight
 With one hand (D) on the wheel I've been
 (C) Driving all day, I can (G) drive all night
 (C) I'm headed for (G) home with (C) one thing on my (D) mind, (Am7) yeah
 (Bm) (D)
 Every hotel I have seen
 Has arborite chairs, arborite dreams
 Office parties and wedding balls
 And tacky pictures on the walls

Pretty barmaid to and fro
 The bar band plays the songs we know
 She gets into Twist And Shout
 And it's closing time and I'm down and out
 That's my second home, yeah, what more can I say Lord

(G) You should never (G/B) say trust me
 It's al(C)ready been done, it's al(D)ready ready been done
 Be(G)neath the seas, be(G/B)neath the trees and (C) under the sun
 (B7) Never say trust (Em) me, my (G/D) faith in you is (C) all you need
 (Cm) Love is all I (G) need

The sky above is filled with stars
 May God bless you is all I can say
 Cats and dogs and baby's smiles
 Will drive my loneliness away
 What will be will be, yeah, that is all that I know girl

You should never say trust me
 'Cause I know you'll be there, yes I know you'll be there
 I'll be as right as rain can be, this is our love affair
 Never say trust me, my faith in you is all you need
 Love is all I need

You should never say trust me
 It's already been done, it's already ready been done
 Beneath the seas, beneath the trees and under the sun
 And (D) under the sun (G)
