

On Yonge Street-crd

(Em) (Cmaj7) (Em) (Cmaj7)

(Em) See the people walking (Cmaj7) up and down
 (Em) See the people moving (Cmaj7) all around
 (Em) On the streets of my (Cmaj7) hometown (C) on, (D) Yonge (G) Street (B7)
 (Em) Longest street in the (Cmaj7) world they say
 (Em) Summertime soon (Cmaj7) slips away
 (Em) I hope I'll see you (Cmaj7) one fine day, (C) on (D) Yonge (G) Street

(D) Everywhere you go in a (Am) city by a (C) lake
 (D) Back there in the flow you might (Am) give a hand a (C) shake
 (D) Everyone you pass seems to (Am) want to say hel(C)lo
 (D) Even late at night on the (Am) freshly fallen (C) snow (Cmaj7)

See the children jumping all around
 See the parents looking up and down
 Upon the streets of my hometown, on Yonge Street
 It's a mean street if you choose
 It's a lean street when you lose
 An in between street when you cruise along Yonge street

Everywhere you go in a city by a lake
 You'll be sure to find it's a case of give and take
 Everyone you pass seems to want to say hello
 Even late at night when the streets are all aglow

It's the longest street in the world
 With the most feet in the world
 Another street where boy meets girl, on Yonge street
 See the people walking up and down
 See the people moving all around
 Those are the streets of my hometown on, Yonge Street

Everywhere you walk people almost say hello
 Even late at night when the streets are all aglow

On Yonge street, on Yonge street
