

Slide On Over

Momma's got her long dress on
See how that little girl walks
Now we got it rollin', how're we gonna get it stopped
Momma's got something
Daddy needs more than a lot
Now we got it rolling, how're we gonna get it stopped
Momma put your long dress on
I'd like to take that little girl to town
Now that we have rolled it, how're we gonna hold it down
Gonna slide on over to that pretty little love that I've found
Now we've got it rolling, how're we gonna hold it down
Now momma's got her long dress on
Listen to that little girl talk
Now we got it rolling, how're we gonna get it stopped
Gonna slide on over to that funny little love that I've got
Now we got it rolling, how're we gonna get it stopped
Cause my momma's got something, daddy needs more than a lot
Now we got it rolling, how we gonna get it stopped
